Class - 3, May Activity - Mother's Day
12th May, 2023*

Mother's Day is a celebration of honouring Motherhood. It is Thanksgiving Day to our mothers for their nonstop efforts towards our upbringing. This day teaches us to respect and obey our mother. To pay respect and shower love to mothers, let us have a fun-filled ORIGAMI ACTIVITY of 'Saree Draping'. Let's see how each one of us make a card with the mom in a special saree draped by the mom's special ones.
