

**St. Thomas School  
Indirapuram**

**HOLIDAY  
HOMEWORK**

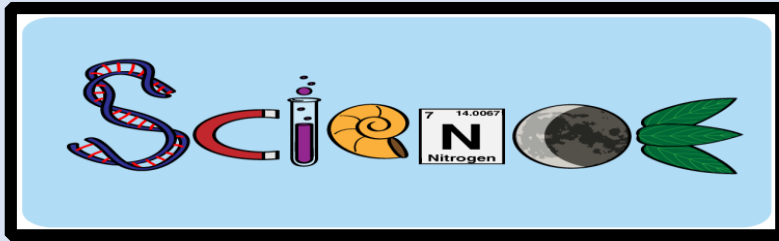

***CLASS IV***

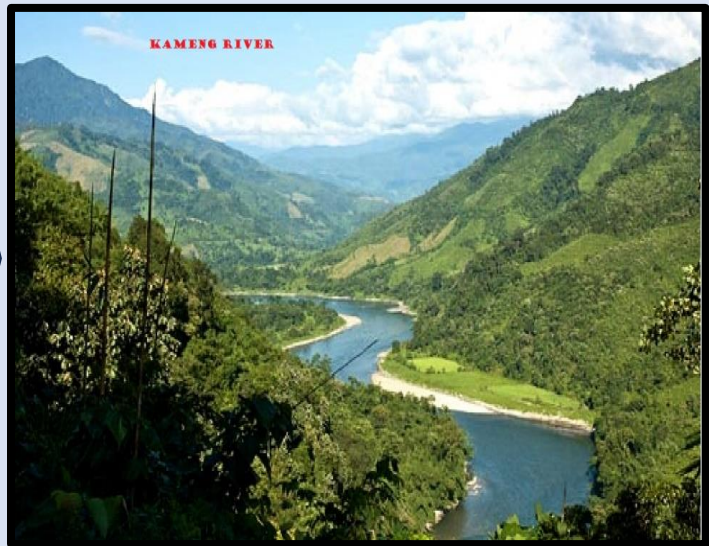

**Ocean Creature Research:** Every child has to research about an ocean creature. You have to make a A3 size poster showcasing interesting facts about the creature that you have selected including its habitat, diet, body features and it's conservation status.

**You can select any one of the ocean creatures given below:-**

- Tiger shrimp
- Hockey stick pencil fish
- Leopold's Angelfish
- Ocellate River Stingray
- Humpback whales
- Gangetic river dolphins
- Caribbean hermit crab
- Bumble bee
- Common carp
- Electric eel

(\* For learning about different fishes and getting virtual aquarium tours, you can also download an app called "AQUAREKA.")

2. Arunachal Pradesh is a state in northeast India, located in the foothills of the Himalayas. It's the largest state in the northeast region of India, with a total area of 83,743 square kilometers. The state's name translates to "Land of the Rising Sun", and it's known as the "Land of dawn-lit mountains".

- a) Name five aquatic creatures found in main rivers of Arunachal Pradesh.
- b) Paste pictures of any two aquatic creatures along with names found in rivers of Arunachal Pradesh.

**Topic: Amazing facts about oceans and seas**

**Introduction:** Our blue planet looks marvellous from outer space. This blue planet is the home of so many underwater species of plants and animals. Isn't marine life so mysterious?

**Topic for the girls: Underwater plants**

**Topic for the boys: Underwater animals**

**Project:** Take a big size plastic ball and cover it with blue paper, paste pictures all around the ball as per the topics given then paste long strings with name tag of each species. Frame 2-3 amazing facts of your project. Eg: Sea turtles can live for more than 100 years.

**Make a loop on the top of your ball.**

Dear students, As we have learned about 2D and 3D shapes, let's wear our creative hat and imagine the "Save Marine Life".

- Draw a scene on SAVE MARINE LIFE in Paint 3D or Tux paint.
- Write appropriate slogan for your poster with Text tool. (e.g. "No water, no life. No blue, no green.")
- In Tux Paint use Stamps, Magic tools, Shapes and Text tool to make your scenery attractive and beautiful.

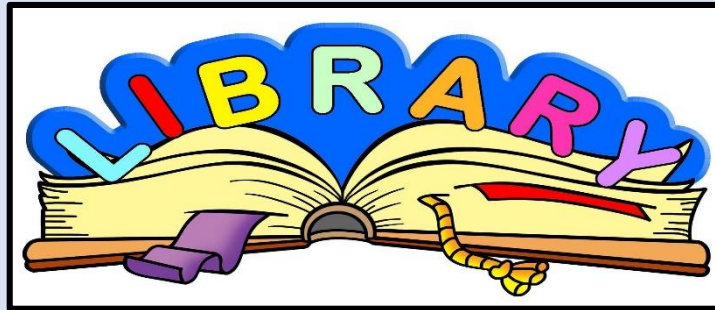

**Note** Submit the coloured printout in a separate folder.
