

**St. Thomas School Indirapuram**

**Class IV**

**Science**

**Holiday Homework**

**General Instruction-** All students must write their name, section and roll number.

Send these activities to your respective teachers.

1. Collect a leaf from a potted plant. Dry it and paste it in A4 size sheet and then label the parts of leaf. Click a photo of the same and send it via Email or WhatsApp.

2. Collect examples of food stored in different parts of plant from your kitchen (Hint: fruits and vegetables) For ex: Root- Radish etc.....Stem.....Leaf.....Fruit... Create a video of the same and also explain the topic using those examples. Maximum time limit- 5 minutes. Send the video via Email or WhatsApp.
