

CLASS-7 ENGLISH ACTIVITY

Parts of speech

Dear Students,

In this lockdown time, since schools are shut, all out-of-home activities and social interactions have stopped too; here we have something interesting to keep you engaged with creative activities.

Activity on – PARTS OF SPEECH

STEPS

1. Collect pictures on the part of speech assigned to you. (You can use your old books or you can draw by yourself. If you have an access to printer, it will be an advantage).
2. Paste the collected pictures either on sticks or in a form of a collage. (For e.g, you get Noun. You can collect the pictures depicting different kinds of noun. Similarly, it can be done for the other parts of speech you get.)
3. Make it attractive by using colours or any craft material.
