St. Thomas School, Indirapuram Mathematics (Ch- 5 ,14) Worksheet-8

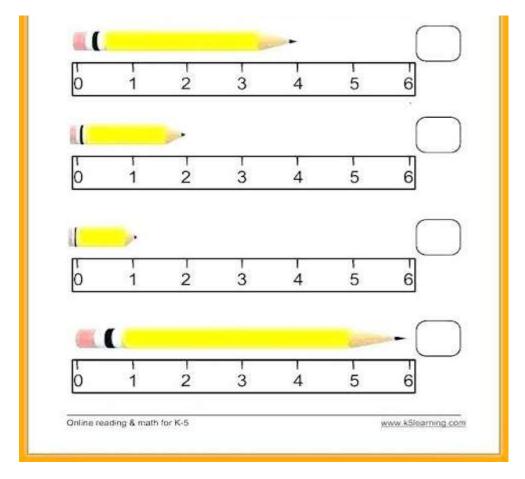

Name	Class- II Roll N	o				
Q1) Fill in the blanks.						
a) The result of addition is called the	·					
b) In a subtraction problem , the number which is subtracted is called the						
c) 2 x 6 = 4 x	d) A metre is denoted by					
d) 1 km = m						
f) 9 x = 10 +8 g) 80 Tens = Hundred						
Q2) Do the following sums:						
T O T O	ТО		Т	0		
3 6 8 0	2 5		6	7		
+ 1 7 - 5 6	+ 4 7	_	- 4	5		
Q 3) Sara has 48 apples . She gives 25 with sara ?	apples to Sachin . How ma	ny applo	es are l	eft		
			Т	0		
Q 4) Match the following.						
a) 8 X 7 6 Tens						
b) 6 X 10 2 Hunded						
c) 9 X 4 5 tens + 6 one	es					
d) 20 Tens 3 tens + 6 one						

Q5) Solve the following.

Q6) Tick ($\sqrt{\ }$) the unit you will use to measure each of these .

S.No	Name of the object	km	m	cm
1	Length of a spoon			
2	Distance between Delhi to Mumbai			
3	Length of a caterpillar			
4	Length of your classroom door			
5	Length of a pen			
6	Distance from Indirapuram to			
	Vasundhara			

Q7) Look at the given picture and write the measurement in cm.

^{**}Revise the work done in notebook, Math-Magic, Magic Support (mental maths, CCE Drills also). Also revise worksheets.
